## Lyceum for Kids (LFK) Developmental Screening Consent/Waiver Form

The first five years of life are very important developmentally for your child.

During these years, your child will gain many experiences and learn many skills. Your child's early experiences set the stage for success in school and beyond. Because of this, it is our policy and practice at LFK regularly use screening practices for each child in our care. This developmental screening is a mandatory requirement for all childcares in Montgomery County. We do this to see where your child is developmentally, so we can tailor his or her classroom experience. We also use screening practices to identify any developmental concern early to allow for timely access to supports and services to help your child to develop optimally.

Please read the below statements and mark the box that you are most comfortable with:

- I give my permission to have my child participate in developmental screening at LFK.

I agree to complete the screener at home with my child and return it to the center within one week for further discussion with my child's classroom teacher.

- I do not give my permission to have my child screened at LFK  
Please mark appropriate reason below.

I understand the importance of early identification and intervention, and that I can ask to have my child screened any time in the future here at the center, should I reconsider.

- My child is already receiving regular developmental screening through:

\_\_\_\_\_

- Please check here if you agree to share the screening results with us to keep in your child's portfolio.
- My child has been diagnosed with a developmental delay and is currently receiving supports and services (such as through Birth to Three, school district services, etc.).
- Other. Please specify: \_\_\_\_\_
